

NOTE

ACEA FOR THE ROME OPERA THEATRE

Rome, 19 June 2019 - During the presentation of the **new 2019/2020 opera season** the **ACEA Group, member of the Rome Opera Theatre Foundation**, confirms its support of the Foundation, for the promotion of culture and art, intended as tools for growth and social development for Rome and the country as a whole.

This is the context in which the multi-utility company formally joined the **Rome Opera Theatre Foundation** in December 2018, with a view to offering its own contribution to one of the capital's most important cultural institutions. The **ACEA Group**, the top national operator in the water sector and a lead national energy and environment player, has always combined its business activities with a firm commitment to valuing the artistic and cultural heritage of the territory in which it has operated for more than a century.

"The entry into the Opera Theatre Foundation - **ACEA's Chair, Michaela Castelli**, declared - marked an important time for the company in the action it has always taken to support culture in the territories in which it operates. It is an honour for us to be able to support this opera season and promote lyrical music and ballet alongside the Opera Theatre: an institution with solid roots in the capital, yet focussed on a vocation of international reach".
