ACEA ATO 2, INTERVENTION UNDERWAY TO SOLVE A WATER FAULT IN SOME AREAS OF THE IV AND V *MUNICIPIO*

Rome, 23 July 2022 – Acea ATO2 announces that interventions are underway to solve a sudden water fault that has occurred early this afternoon. The water fault concerns an important water pipeline serving some areas of the IV and V *Municipio* of Rome.

All actions have already been taken to limit the duration of the outage: in some areas, water shortages and low pressures may still occur. To minimise inconvenience to citizens, a water supply through tankers has been set up. The **tankers will remain parked in the following streets:**

- **Piazza Balsamo Crivelli**
- **Via Sacco e Vanzetti at Parco Tozzetti**
- **Piazza Federico Sacco**
- **Piazza Amilcare Zamorani**
- **Largo Antonio Beltramelli**
- **Via Tiburtina at Via di San Romano**
- **Pertini Park**
- **Via Iginio Giordani, corner of Via di Grotta di Gregna**
